## **Wishes from our MD**

What a year this has been, with a second deadly wave of corona, to numerous lockdowns and unlocking, we have powered through the impossible yet another time.

Noone but the dedication of all our employees, their sheer never ending energy is what has kept

us afloat in such hopeless times. With the same dedication as the going year, we enter this new year 2022 and hope to attain new horizons of success and happiness.

We also pledge to constantly give back to the society in whatever capacity we can, like we have done overtime.

We pray for good health and success for all our peers.

# Christmas Celebration at Hyper

---

We at Hyper take our festivals and holidays very seriously, and believe, no festivities are reserved for any special groups, thus we celebrate it all with great compassion and will all the love and joy in the world!!!
